**Amendments to the Specification:**

Please replace the formula at the end of paragraph [0087] with the following amended formula:

[0087] HO-(CO-PA-CO-O-PE-O)<sub>n</sub>-H

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. (Withdrawn): A radiation cross-linkable medical angioplasty balloon or radiation cross-linkable medical catheter made from a thermoplastic cross-linkable composition, said thermoplastic cross-linkable composition comprising:
  - (a) a thermoplastic polymer which is the reaction product of an aromatic polyisocyanate and a polyahl; and
  - (b) a monomer crosslinker selected from the group consisting of methacrylate monomer crosslinkers and acrylate monomer crosslinkers, for conversion of at least a portion of said thermoplastic polymer to convert said portion from a thermoplastic to a thermoset state upon irradiation of said composition with energy from a radiation source.
2. (Withdrawn): A radiation cross-linked medical angioplasty balloon or radiation cross-linked medical catheter made by irradiating the radiation cross-linkable medical angioplasty balloon or radiation crosslinkable medical catheter of claim 1 with energy from a radiation source.
3. (Withdrawn): The radiation cross-linkable medical angioplasty balloon or radiation cross-linkable medical catheter of claim 1, wherein said thermoplastic polymer is a thermoplastic elastomer.
